“The U.S. Environmental Protection Agency is offering immediate reimbursements for damages from the Gold King Mine water contamination in exchange for waiving rights for future claims.”

<http://www.navajo-nnsn.gov/News%20Releases/OPVP/2015/aug/Operation%20To%20Litso.pdf>

EPA is not offering immediate reimbursements for damages from the Gold King Mine water and it is not true that if someone submits a claim that by doing so they limit or waive future rights.

EPA's Federal Tort Claims Act (FTCA) regulation provides that a person may amend their claim form at any time prior to reaching a settlement with EPA, or before the person files a lawsuit under the FTCA. Additionally, a person claiming an injury or damage has two years from the date of the event to file a claim with EPA under the FTCA. (40 CFR Part 10).

While EPA has made Form 95 available for filing a claim, EPA has also noted on the Region 8 website that:

"Standard Form 95 is not required to present a claim under the FTCA, but it is a convenient format for supplying the information necessary to bring an FTCA claim. Please note that a completed form must state a claim for money damages in a "sum certain" amount (that is, a specific amount) claimed for personal injury, death, or injury to or loss of property."
